AWE-INSPIRING ARCHITECTURE

The Skyview takes family living to the next level with the signature Ownit Homes Roof Terrace™. The Roof Terrace™ has been carefully designed to maximise the entertainment value of the house with a third outdoor living area – meaning you don't have to compromise on backyard space or land size.

Downstairs a generous, light filled open plan living and dining space flows through to the alfresco - just one of three external living areas that blur the lines between indoors and out in this dream family home.

Up the timber mono-stringer staircase, the upper level features a luxury parents retreat and ensuite. Moving through the expansive open-plan living area there are three large bedrooms and a bathroom with separate toilet, shower and vanity for harmonious family living.
