NARROW LOT PERFECTION

Perfect for tricky, narrow lots, the Palazzo uses space effectively to create a polished and functional family home.

Radiating a luxurious and modern feel, the upper level features three bedrooms each with their own walk-in robe, a study nook, retreat and family area. The master bedroom is seriously impressive, with its own walk-in robe and ensuite.

With a large alfresco area for entertaining and three private study or relaxation areas, this home is ideal for large families who want their own space.
