FAMILY FAVOURITE

Radiating sophistication, this home was designed with narrow blocks in mind. Seven-meter stacker doors open from the kitchen, meals and family rooms onto the alfresco, bringing the outside in and ensuring outdoor living is easily and beautifully accessible.

The spacious living continues upstairs, featuring a large lounge area and master suite with walk-in robe and ensuite. The children's wing of the upper floor includes an additional three bedrooms serviced by a main bathroom with separate washcloth, vanity and shower. Downstairs, a large study which can be turned into another living area or fifth bedroom.

With two living areas, four bedrooms plus study, two and a half bathrooms and an abundance of practical storage spaces, this design is very much a favourite among families.
